

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

REQUEST FROM PINEVILLE HOUSING)
AUTHORITY FOR A DEVIATION FROM) CASE NO. 2007-00335
807 KAR 5:022, SECTION 9(17)(A)(1),)
REGARDING CURB STOP VALVES)

O R D E R

On July 30, 2007, the Pineville Housing Authority (“PHA”) filed a letter with the Commission requesting that it not be required to install curb stop valves as required by 807 KAR 5:022, Section 9(17)(a)(1). The Commission will treat this letter as an application for authority to deviate from the provisions of that regulation.

PHA specifically requests the deviation for a 40-unit complex on Northside Drive, where each unit has its own meter with a cut-off valve. This exact issue was before the Commission in Case No. 1994-00294.¹ By Order dated August 10, 1994, the Commission granted PHA’s deviation request for the 40-unit complex on Northside Drive. We found that the installation of curb stops “would not afford an appreciable amount of added safety.”²

¹ Case No. 1994-00294, Application of the Pineville Housing Authority to Deviate from Commission Regulation 807 KAR 5:022, Section 9(17)(a)(1), (Ky. PSC Aug. 10, 1994), available at http://psc.ky.gov/order_vault/Orders_1994/199400294_08101994.pdf.

² Id.

The Commission's Order in the 1994 case has no expiration date, and there are no circumstances that require PHA to obtain Commission approval for a new deviation.

IT IS THEREFORE ORDERED that this case is dismissed as moot.

Done at Frankfort, Kentucky, this 18th day of September, 2007.

By the Commission

ATTEST:

A handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke at the end, positioned above a solid horizontal line.
